

Lecture 6

Concision

Concision: sometimes, less is more

Blaise Pascal
1623 - 1662

'Friend, I am writing you a lengthy letter because I have no time to write a brief one.'

Basis, feature, function, instance, nature, situation, type,

- The patients were examined on a daily **basis**.
- It is too early to judge if this is the **case** or not.
- Symptoms of neurological **nature**..
- ...at low pH **conditions**.

Less is more

- plays an important role -> is important because
- due to the fact that -> because
- a decreased number of -> fewer
- time period -> time
- longer time period - > longer
- brown in color - > brown
- it is possible that - > may

Transcatheter aortic valve implantation is developed as a novel treatment for elderly patients with aortic valve stenosis considered as inoperable.

In forensic sciences, computed tomography angiography (CTA) is a method which can be used to investigate vascular lesions.
